

## **Partnership with Alliance Sat**

Sophia Antipolis (France) – 1 October 2000

As of October 1, 2000, Alliance Sat and UDcast have entered in a partnership agreement where UDcast supplies Alliance Sat off the shelf software products. Alliance Sat provides services to deliver contents to chemistries.

"Unidirectional links like digital satellite links, are perfects to address some of the key challenges of the Internet, like rapid expansion, high speed access, delivery/access anywhere or anyplace. UDcast mission is to develop off the shelf software which runs on standards hardware but also services to allow to use Internet in a full transparent way on those medias. At UDcast, we are committed to adding value to every company in the Internet world, like Alliance Sat, we are proud to have a VAR partners like Alliance Sat who is convinced that UDcast redefine the way Unidirectional Internet links are today used." said Didier Tymen , CEO UDcast.

### **About Alliance Sat**
