

## **Networld Interop 2000**

UDcast will show their products on the exhibition Networld Interop 2000 in Paris, November 7, 8 and 9.

UDcast will demonstrate UDstation and UDbox as well as UDLR, UDpush and other UDcast products on the Eutelsat booth Hall 1 , L18, during the Networld Interop 2000 exhibition in Paris.

Unidirectional links like digital satellite links are perfects to address some of the key challenges of the Internet, like rapid expansion, high speed access, delivery/access anywhere or anyplace.

UDcast comitment to develop off the shelf software which runs on standards hardware but also services to allow to use Internet in a full transparent way on those medias is very well received by Eutelsat, one of the major player in the satellite world.
