## **Udcast: Launches UDgateway-VPN**

Udcast launched the UDgateway-VPN (Virtual Private Network), a product enabling high performance site-to-site IPsec-based VPN for satellite and hybrid networks.

Udcast's UDgateway-VPN allows enterprises without terrestrial broadband access or whose remote offices have no access, to fully communicate and benefit from IP applications using satellite technology. (Udcast, B.P. 355, 2455, route des Dolines, 06906 Sophia Antipolis cedex, France; Tel: +33 4 9300 1660; Fax: +33 4 9300 1661; Web: <http://www.udcast.com>)
